

Namaste!

Welcome to our July newsletter. We have achieved some progress in our projects during recent months which we would like to share with you.

We are particularly pleased with the construction start in **Thade**, where the school and the sanitary facilities can now be completed. This is mainly possible thanks to the financial support of the **Swiss and French Unions of Soroptimists**. They support our project in Thade due to the President's Appeal "educate to lead" of **Soroptimist International**.

We are also proud of our girls in **Chyangsar** to whom we grant scholarships. Thus, they are able to continue going to school. Moreover, the women on our training farm have already sold their first harvested vegetables. Meanwhile in **Kathmandu**, the women participating the carpentry training have been showing a great deal of passion and courage.

All these initiatives are sustainably changing the lives of girls and women taking part in our projects. We would like to thank all our sponsors and supporters who facilitate our efforts. Please, learn all the details of our projects in this newsletter and on our [website](#)!

We are looking forward to your (further) assistance – which you can easily provide [here](#).

Upcoming events

July, 10-20, 2017

Birgit Lienhart's visit to Austria

She represents our partner organization [Kar.ma Coffee](#) we cooperate with in our project "[training for](#)

[female carpenters](#)".

Oct, 12-Nov, 15, 2017

[Carola Gosch on Nepal project-trip](#)

Project news

[Village development Chyangsar](#)

5 girls receive scholarship

In addition to our two Tamang girls, we have now been able to include 5 more girls from Chyangsar into our [scholarship program](#). It makes sure that these village girls continue obtaining their school education. [More...](#)

More chicken farming

From their first savings, the women of Chyangsar have now been able to finance the next chickens and stables themselves, thus helping to build up 10 new small [chicken farms](#).

[More...](#)

Wheat has grown

Only just opened in April 2017, there are already fully grown vegetables and wheat on the fields of our Chyangsar [training farm](#). [More...](#)

Starting to sell vegetables

Organically grown vegetables are

sold directly from the fields of Chyangsar. Their weight is measured by a small hand scale.

[More...](#)

Training for female carpenters

Products available in Austria

at [Fachl Graz](#), Herrengasse 13, A-Graz. The net proceeds of all sold products are going back into the project. [More...](#)

Wood turning training

The participants of the training for female carpenters supported by Roots for Life took part in a wood turning course.

[More...](#)

Village development Thade

Construction work has started

Comprehensive construction material has arrived in Thade. It has been delivered to complete the school there. Thus, building more class rooms and sanitary installations has begun. [More...](#)

Roots for Life - Backstage

Clean water with Austrian know-how

SODIS is a method to disinfect water by using solar radiation. An Austrian start-up company uses this method and has invented a small maintenance-free and easy-to-use indicator box: WADI. Roots for Life is supporting to test and launch this device in Nepal.

[More...](#)

With your help

We stand up for women and children in Nepal. We step in wherever there is an emergency situation. We strengthen the social position of children and women by schooling and education. And we fight against sexual exploitation, abduction, trafficking, violence, and oppression. We are happy about any contribution!

[More...](#)

2nd RfL General Assembly

In May the second Roots for Life General Assembly took place in Graz. [More...](#)
